Without limiting the generality of the foregoing, The game developer, Epic, and Epic's affiliates make no warranty that (1) any of the Epic Materials will operate properly, including as integrated in the game software named AnarchyField, (2) that the Epic Materials will meet your requirements, (3) that the operation of the Epic Materials will be uninterrupted, bug free, or error free in any or all circumstances, (4) that any defects in the Epic Materials can or will be corrected, (5) that the Epic Materials are or will be in compliance with a platform manufacturer's rules or requirements, or (6) that a platform manufacturer has approved or will approve this game software named AnarchyField, or will not revoke approval of this game software named AnarchyField for any or no reason.
