

WolfQuest[®]

ORIGINAL SOUNDTRACK & MUSIC EXTRAS

The *WolfQuest Original Soundtrack & Music Extras* pack includes the soundtrack to *WolfQuest Classic* and new music of *WolfQuest: Anniversary Edition*, composed and performed by Tim Buzza and Ben Woolman, plus a 25-minute video featuring Tim Buzza talking about how he created the signature sound of *WolfQuest* and many memorable tracks in the game. We will be adding more tracks as we develop the game!

Tim Buzza

created the soundtrack for the original *WolfQuest* (2006-2010). He is a music teacher, a classically trained tenor, an informally trained rock musician, songwriter, producer, and composer. Tim returned to the project to create new music for the Lost River map, and now with *Anniversary Edition*, he has created a rich new soundtrack that complements the original tracks.

Ben Woolman

is an accomplished guitarist, composer, instructor, and performer. He contributed to several Slough Creek music tracks for the original game. He's now returned to collaborate with Tim on new tracks for the *Anniversary Edition*, and also created several new, distinctive "fingerstyle guitar" tracks for the game.

WolfQuest®
