LEVEL 1

"TOSS MART"

Main Mission:

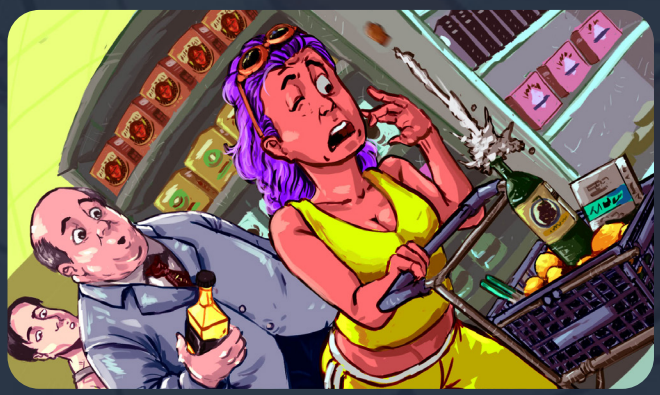

Your hosting a party, but forgot to stock up! You'd better run down to the supermarket and grab some supplies. Hopefully the line isn't too long or you'll be late to your own party!

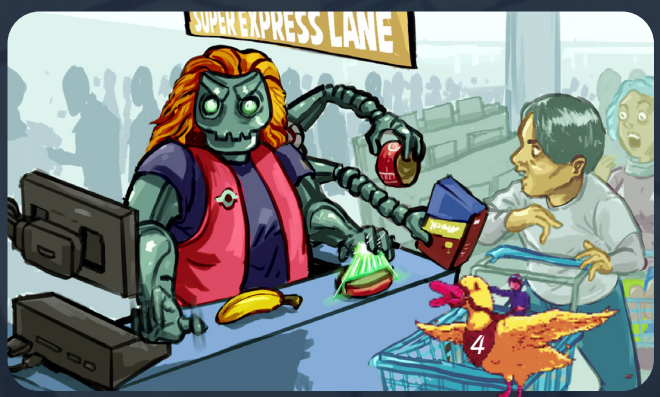

Tips:

- Use your QPhone to check your shopping list (or access settings)
- Use the basket to put all your groceries in for safe keeping.
- Line not moving along? Try not to THROW a tantrum ;)

SUPER EXPRESS LANE

LEVEL 2

"PARTY TIME OFFICE"

Main Mission:

Your boss decided to throw a party for all his loyal workers! Unfortunately, you weren't invited. Maybe you can still sneak in and cause some chaos while you're at it?

Tips:

- Alcohol is the best lubericant for social interactions with coworkers.
- Everyone loves some juicy workplace gossip; Spread the news!
- Instead of throwing objects, try a more gentler approach. Some characters need certain objects handed to them in order to complete tasks
- Take a coffee break (just don't let your boss catch you)!

LEVEL 3

"AIRPORT"

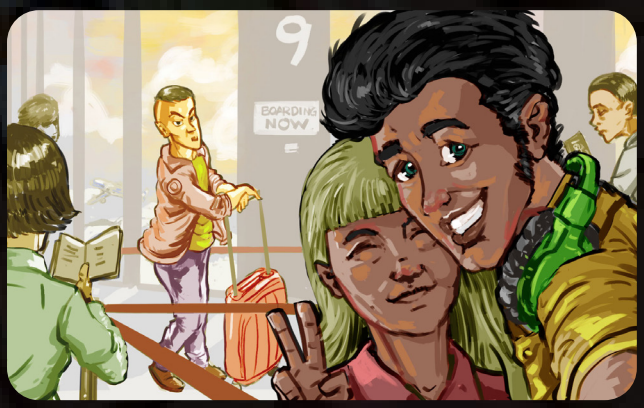

Main Mission:

Who needs that lousy job anyway? You've got a BIG weekend ahead of you! You managed to snag tickets to a convention where you'll get to meet your hero, DuckWoman! Just don't be late for your flight!

Tips:

- I wouldn't normally condone this but... picking people's pockets and tossing the contents can relieve some line-standing boredom.
- Have you heard that some people sneak weapons into the airport in their stomach?! I imagine the process of retrieving the weapon would be... sticky...
- Hopefully you've got good aim. Moving targets can be tricky.

LEVEL 4A

"FEATHORA CONVENTION - SATURDAY"

Main Mission:

At last you made it to the convention! Well this certainly does deserve a round of applause, but there's no time. There's so much to do at the convention and it all has to be done before the grand finale (I heard they are releasing a new DuckWoman game... in VR!!!). Hurry and catch up with your friend, I think he's already in line.

Tips:

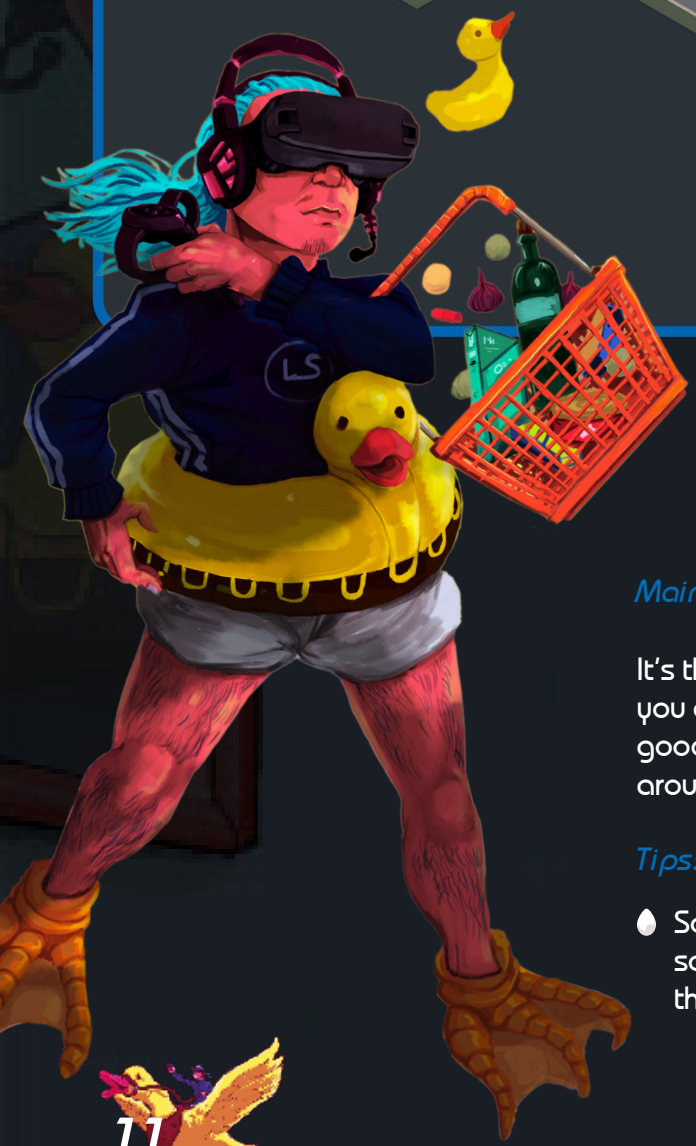

- You're only going to get one shot to have a perfect picture with your idol, DuckWoman. Better make it count!
- Check the schedule to see what's going on at the convention and always know when something interesting is happening.
- Remember what I said about picking pockets? Yeeeahh... that might come in handy again (get your boxing gloves ready too because some of these nerds really aren't playing around!).

LEVEL 5B

"FEATHORA CONVENTION - SUNDAY"

Main Mission:

It's the last day of the convention :(We're sad to see you go, but glad you could come! Don't forget to say goodbye to all your con friends. I've heard lots of buzz around Pavillion 7. Hopefully it'll be a big sendoff!

Tips:

- Some cosplay armor is well made, others... not so much. It's probably worth investing in some though...
