EVAN QUEST

Bad Dudes have taken over New York City. The DoD sends in Evan Quest to stop them.
Save the Hostages and clear the Bad Dudes from several progressively challenging levels.
Use Your various combat skills in Combinations.
Follow the Grean/Yellow Arrows if You get lost.

Hints/Tips
Try 'Locking On' to Enemies for better accuracy.
If You approach an Enemy from behind, sometimes You can get a 'Sneak Attack' Kill
Make sure to use Your Combat 'Skills' while fighting.
You can quickly switch between the Combat Skills while fighting this will give You an advantage.
If Your health starts getting too low, back away from the fight for a few seconds and it will start restoring.
If You get knocked out, You will respawn in a few seconds.
