THE HISTORY OF..

KAANALOS CITY

The year is 2050.

Welcome to a city on the verge of anarchy.

A neon beacon in a wasteland, Kaanalos City is the main populated area of the Kaanalos region. Surrounded by charred wasteland, the city is a thriving trading hub and a place where travelers come to start a new life. But danger lurks around every corner. The criminal underworld is thriving in the city. A corporation controls the people. A mob family controls the politicians. Corruption runs deep. Murders are on the rise. Yet the promise of a bright future shines as bright as the neon glow the lights of Kaanalos City give off on a rainy night. Welcome, to the city of freedom.

THE HISTORY OF..

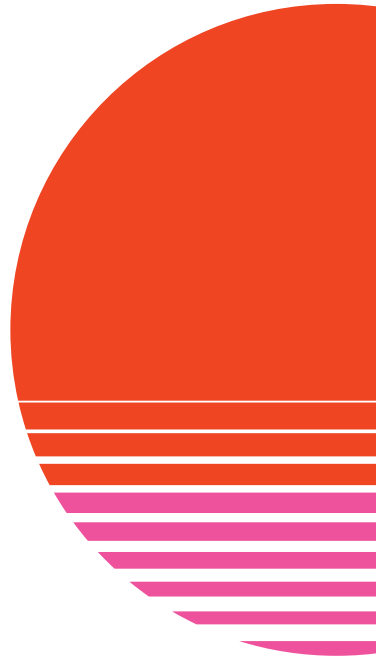

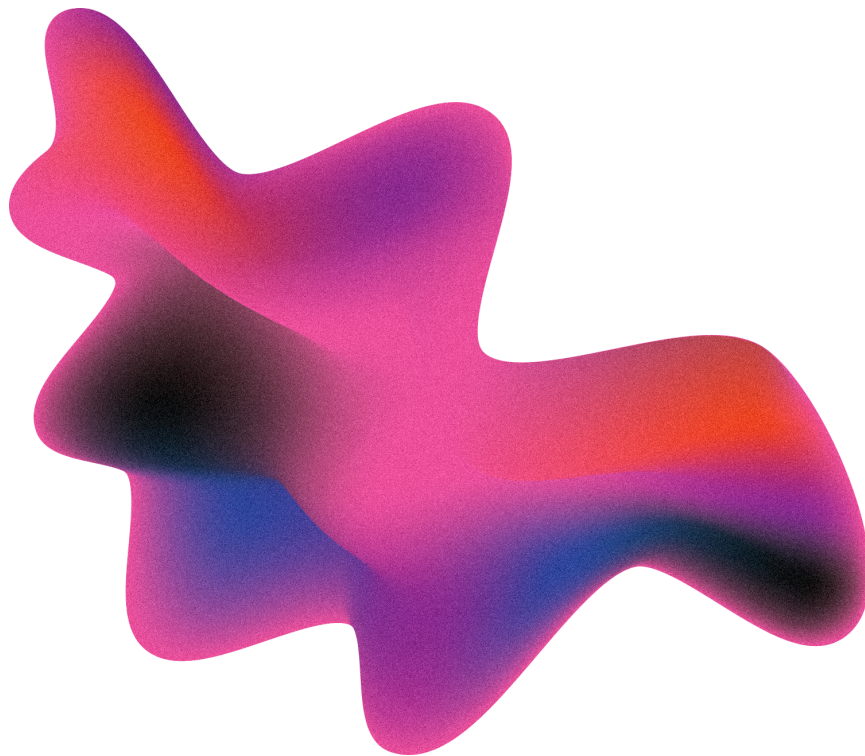

KAAANALOS CITY POLICE DEPARTMENT

The KCPD is on the case.

... And in the pockets of Baxter Corp.

The KCPD is a corporate police force run by Baxter Corp under mandate from the shadowy government of Kaanalos City. Most of KCPD's time is spent investigating the many murders that occur in the city, and repairing the policing androids that break every time a rebellious citizen dumps soda on them.

THE HISTORY OF..

Despite numerous mysterious deaths and shady transactions being tied to Baxter Corp, no one has been able to find any concrete evidence of their shady dealings. Ana Baxter, the CEO of the company, sits like a queen on a throne. No one dares to take down the queen.

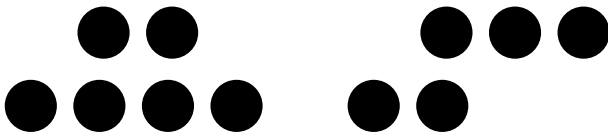

Baxter Corp has their hands in every corner of Kaanalos City.
