

Welcome to the world of Fish or Chicken!

1: Welcome to the world of Fish or Chicken!

This world is a game where you climb up and down buildings while fighting off the attacking Fish!

You can create various items and

Build your own status and enjoy the world of Fish or Chicken!

The following is a description of the game!

We are here to help you, the lost chick!

A Day in the Life of a Chicken

1:The daily cycle

There are 12 hours available in a day!

When the clock in the upper right corner of the screen reaches 22:00 the day is over!

Be sure to Live stream an hour a day!

When you create an item,

the time goes forward by the number on the clock.

If the time is over 21:00, you can't create items.

Be careful!

Operation is easy

1: How to move

Use WASD keys to move the chicken!

2:How to attack

Equipped items in the item list will automatically fire in the direction of the light blue arrow!

3:Pause

You can pause the game by right-clicking

4:Zoom out

Zoom out by left-clicking and holding!

While zoomed out, your field of view will widen
and the behavior of some items will change!

But be careful when you're in a hurry because
your feet slow down while zooming out!

Be careful when you are in a hurry!

About Rank's
