

THE BIRTH CRY

GUIDE

Riverside Maternity Hospital - Nesgrad, Virelia

OVERVIEW

You are Mikhail Markov, an independent investigator determined to uncover the truth behind Riverside Maternity Hospital - a facility sealed by the government in the 1980s in the frozen city of Nesgrad, Virelia.

Once inside, you quickly realize: some doors were sealed not to keep people out, but to keep something in.

Navigate the abandoned wards, operating rooms, and sealed corridors while avoiding paranormal threats. Your only tools are a flashlight and your wits. There are no weapons. Survival depends on stealth, resource management, and strategic thinking.

The experience lasts 30-60 minutes depending on your choices.

SURVIVAL TIPS

1. MANAGE YOUR FLASHLIGHT

Use your flashlight's battery carefully.

2. PAY ATTENTION TO THE ENVIRONMENT

Flickering lights, cold breath, and strange sounds signal danger ahead. If something feels wrong, proceed with extreme caution.
