Hard Drive	10 GB free space
Video Memory	256 MB
Video Card	nVidia GeForce 7600 / ATI Radeon HD 2600
Sound Card	DirectX Compatible
Peripherals	Keyboard and mouse or Microsoft Xbox 360® controller

Recommended System Requirements

OS	Microsoft Windows XP / Windows Vista / Windows 7 (Please note Windows XP 64 is not supported)
Processor	Intel Core 2 Duo @ 2.4 GHz / AMD Athlon 64 X2 @ 2.6 GHz
Memory	2 GB
Hard Drive	10 GB free space
Video Memory	512 MB
Video Card	nVidia GeForce 8800 GTS / ATI Radeon HD 3850
Sound Card	DirectX Compatible
Peripherals	Keyboard and mouse or Microsoft Xbox 360® controller

Other Requirements & Supports

Initial installation requires one-time internet connection for Steam authentication; software installations required (included with the game) include Steam Client, Microsoft DirectX, Visual C++ 2005 Redistributable (ATL), Visual C++ 2008 Redistributable, and AMD Dual Core Optimizer. (AMD optimizer required only for specific AMD processors to run the game correctly, but installs for all of them.)

Installation

Please ensure your computer is connected to the Internet prior to beginning the Duke Nukem Forever installation process. Insert the Duke Nukem Forever DVD-ROM into your computer's DVD-ROM drive. (Duke Nukem Forever will not work in computers equipped only with CD-ROM drives.) Please ensure the DVD-ROM logo is visible on your optical drive's door or panel. The Installation process will conduct a one-time online check to verify the disc and download an activation file, and will prompt you for a Product Code. The code can be found on the back cover of your instruction manual.

THE DUKE STORY

If you've ever wondered why we're able to sit comfortably in our homes without the threat of our babes being abducted out from under us, the answer can be summed up in two words: Duke Nukem. When the aliens first appeared, they tried to take over our planet. They tried to colonize us. They tried to steal our chicks. And they almost succeeded.

Rising from the ashes of a war-torn earth, Duke single-handedly vanquished the invaders not once, but three times. Proving himself to be the ultimate alien ass-kicker, Duke was catapulted into fame. Now semi-retired and running his own casino in Las Vegas, Nevada, Duke is enjoying the good life. Between dating pop-superstar-divas the Holsom Twins and making celebrity appearances, Duke has stayed in shape because he knows that one day, the aliens will return.

That day is today.

A new, vast alien mothership has appeared in the sky, hovering ominously over Las Vegas. This time, the aliens have come flying under a banner of peace.

But Duke isn't buying it.

And neither should you.

SINGLE PLAYER CAMPAIGN

On the Main Menu, select Campaign.

On the Campaign Menu, select New Campaign, then set the difficulty level to Piece of Cake, Let's Rock or Come Get Some.

Once you've played the game, the Campaign Menu offers these options:

Continue Campaign — Continue playing from your last saved Checkpoint.

Chapter Select Menu — Once you've completed Campaign Chapters, you can select and replay any of them from here.

HUD

EGO Bar
Attack Alert
Rounds Remaining
Pipe Bombs
Trip Mines
Special Items

EGO Bar — Duke begins with full Ego. Ego diminishes as Duke takes damage. A flashing red Ego Bar indicates that Duke's condition is critical and he is close to death. Duke will die if he continues to take damage when the Ego Bar is flashing, and the game will restart from the last Checkpoint. Recharge Ego by taking cover for several seconds.

Boss Meter — Remaining Boss health. Appears for Boss fights only.

Rounds Remaining — Total rounds of ammo remaining in Duke's current weapon. Ammo automatically reloads at zero rounds. Press Ⓧ or the R key to reload earth-based weapons manually.

Trip Mines — Trip Mines remaining.

Pipe Bombs — Pipe Bombs remaining.

Attack Alert — A red flash occurs when Duke takes damage. It appears from the direction of the attack.

Reticle — Use this to aim the current weapon. The Reticle turns red when over an enemy and green when Duke aims at a friendly target.

HUD (cont'd)

Gauge

This general Gauge appears when Duke needs to manage an item or resource, whether it's his own oxygen underwater or the temperature on a turret gun.

Special Items

Shows special items in inventory, including Duke Vision, Holoduke, Beer and Steroids.

EGO

Men and superheroes may have health, but Duke is all Ego. Duke begins with a healthy amount of Ego, and it can be increased even further by performing cool actions within the world.

Whenever Duke gains Ego, the value will appear next to his Ego Bar, and the bar will grow.

Each Campaign Chapter contains a number of Ego items. You can view the total number of Ego items in each chapter and the number already found by viewing completed chapters in the Chapter Select Menu.

WEAPONS

Duke is able to master any weapon he encounters. Find weapons in the world or rip them from the cold, dead hands of fallen enemies.

Note: Shrunk Duke delivers 15% damage with weapons and melee attacks.

M1911 Pistol

1911 was a great year for pistols, and this little honey has remained almost unchanged for 100 years. Duke's custom version is styled with gold-plating and a laser sight, proving Duke doesn't always need heavy hardware to kick ass.

Shotgun

A powerful short-range weapon and an ideal solution to a plague of Pigcops. Pull trigger. Make bacon.

Ripper

Duke's classic triple-barreled machine gun has become the standard field weapon for mowing down enemies in rapid succession.

Trip Mine

Trip Mines auto-attach to almost any surface (including enemy bodies), and arm on landing. Be careful not to trip your own mine or your guts will end up on the wall.

Devastator

Why settle for one rocket-launcher when you can have two? This mean SOB can turn any room full of squishy fleshbags into a room full of chunky kibbles.

Pipe Bomb

Lob a Pipe Bomb, then detonate it at your leisure. Even though Duke's detonator is built into his truck remote, he's smart enough not to blow a load in his pants. Be careful you're smart enough to do the same; put some distance between yourself and the bomb.

GEAR / PICKUPS

Duke Vision

Navigate dark environments by turning on Duke Vision. Duke never gropes aimlessly in the dark...

Beer

Chug a Beer to temporarily reduce damage taken. Beer goggles included!

Holoduke

Distract enemies with this hologram, then line them up and mow them down.

Steroids

Take Steroids to gain a temporary boost to strength and speed. Go old-school and one-shot sucker punch enemies. Duke's Ego takes a 25% penalty while under the influence. Consequences and all that.

EDF

Occasionally, civilians and the Earth Defense Force (EDF) will offer to give Duke assistance. EDF soldiers are the new federal police force tasked with defending the earth against alien invasion. Duke needs no sidekicks, but they can be useful every now and again.

ENEMIES

Assault Trooper

Common Cycloid infantrymen. A few punches in the face usually puts them in their place, though they can be a real pain when they wear the jetpacks their mammas packed for them.

Pigcop

The original Pigcops were created from the transformed bodies of earth's policemen. The newest breed of Pigcops are created from EDF soldiers, and they're tougher and meaner than ever. They can wield a number of weapons, including anything the EDF can use, so be prepared.

Octabrain

These disgusting-tentacle monsters are the special ops team of the Cycloid Emperor's army. Grown from the bellies of impregnated earth-chicks and imbued with telekinetic powers, they're best put out of their misery quickly.

Enforcer

This guy is a huge mutated lizard with heavy armor, a shield like a manhole cover, and a really, really big gun.

Bosses

To win the war, Duke has to kill every alien he sees, even the ones built like a house. The big Bosses have their health displayed on the HUD just below Duke's Ego Bar, and can only be damaged by heavy turrets or explosive weapons. Once their health is depleted and they're vulnerable, you'll have to finish them by getting close and ripping pieces off or punching them in the squishy bits.

OPTIONS

Game Settings	Aim Assist on/off, Game Hints on/off, Subtitles on/off, Boss Meters on/off.
Controls	Set up the Keyboard and Controller, adjust Mouse Sensitivity and Mouse Precision, Toggle Crouch on/off, Toggle Zoom on/off, Invert Y Axis on/off.
Audio Settings	Adjust volume for Music, Sound, Dialog, VOIP Volume.
Adjust Brightness	Aspect Ratio, Resolution, Full Screen on/off, Vertical Sync on/off, Brightness.
Advanced Options	Adjust advanced video settings such as Texture Detail, Shadow Detail, Shadows, Motion Blur, Antialiasing, Film Grain, and Post Special Effects.

MULTIPLAYER

There are 4 Duke Nukem Forever Multiplayer Game Modes, all for matches of up to 8 players.

- All games feature Point and Game Time options.
- Most Game Modes are available on all maps, though several non-symmetrical maps do not feature Capture the Babe.
- Team play features Red and Blue Teams.

Note: Adjust Multiplayer options before starting a game.

Select Game Type

Select Multiplayer from the Main Menu. From the Multiplayer Menu, select one of the following options:

Quick Match	Get into the action quickly. All options are default. If you don't find a match, you will be taken to a Multiplayer Lobby with a randomly chosen Multiplayer mode and map.
Custom Match	Customize the ass-kicking with special game settings in addition to Game Mode and Map selection.
Game Browser	Look for an online game to join.

Custom Match Options

Game Mode	Select the mode of play: Duke Match, Team Duke Match, Capture the Babe, or Hail to the King.
Map	Choose one of up to 10 maps for the game.

Custom Match Options (cont'd)

Mutator (optional) — Add a Mutator to make things more interesting. Only the Host can change these settings. Take your toys and start your own game if you don't like someone else's! Mutators include changing the default weapon, Knuckle Sandwich (fists and explosives only), Infinite Ammo Mode, and more!

Multiplayer Lobby

Voice — Speaker icon indicates if a player is wired for voice chat.

Level — Player's current level.

Name — Player's screen name.

Ping — Connection quality. A smaller number indicates a better connection.

Ready — Select this when you're out of bubblegum.

Team Color — During team games, players are either Red or Blue and appear in the lobby under their team colors. Any custom Duke features will still appear regardless of team.

Change Team — The chuckleheads on your team dragging you down? Switch teams. 10XP penalty for not being able to save the day all by yourself.

MULTIPLAYER LEVELS / XP

Players begin at Level 1. Earn XP by scoring kills and assists during games. XP and Level information is always saved for future matches. To check your XP until the next level-up, choose Player Progression from the Multiplayer Menu, and then choose Player Statistics.

MULTIPLAYER CHALLENGES
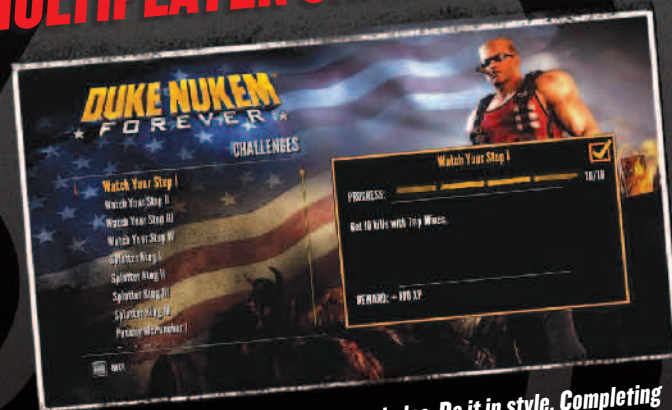

Don't just go into their base and kill their dudes. Do it in style. Completing Challenges during Multiplayer matches earns XP and unlocks rewards accessible in My Digs.

To see available Challenges, select Player Progression from the Multiplayer Menu. You can also select Challenges from the Multiplayer Pause Menu. Pick a Challenge to see what's required, the XP awarded, and any additional rewards. Completed Challenges display a checkmark and are highlighted in white.

MULTIPLAYER GAME MODES

Duke Match

It's every Duke for himself! Win the 2-8 player match by scoring the highest number of kills. One point is awarded for every kill. Match winner is determined by who reaches a kill threshold first or who has the most kills when time runs out.

The kill threshold can be set to No Limit or to a threshold from 10 to 100 kills (in 10-kill increments). The time limit can be a 10, 15, or 20 minute game. In the event of a tie, Overtime kicks in for 1 minute and the player with the highest kills at the end wins.

Team Duke Match

It's Team Red vs Team Blue with up to 4 players per team. Rules and winning conditions are the same as in Duke Match. Score 1 point for your team with every kill.

Capture the Babe

Help your team infiltrate the other team's base to snatch their babe. Toss her over your shoulder and make your way back to your own camp. If she gets too excited while being carried and puts her hand over your face, administer a swat to her rump.

Every babe capture is worth 1 point. The winner is determined by which team has the highest score when the time limit ends or which team reaches the score threshold first.

Score threshold can be set to No Limit or to a number from 5 to 15 points. Time limit for a match can be set to 10, 15, or 20 minutes.

Hail to the King

What's yours is mine, and what's mine is mine. Teams of up to 4 players fight to secure and hold control points in the map. A control point position can be secured by eliminating all enemies within its boundaries and simply standing inside of it. One point is awarded for every second a control point is held.

Only one control point is active at a time, but the control point position will frequently move. When a control point is about to move, a prompt appears on the HUD. A directional icon will indicate the point's new position.

Control the most points for the longest time to score points and win the match. The winner is determined by which team has the highest score when the time limit ends or which team reaches the score threshold first.

Score threshold can be set to No Limit or to a number from 50 to 250 points (in 50 point increments). Time limit for a match can be set to 10, 15, or 20 minutes.

MULTIPLAYER PICKUPS

Jetpack

Lay down the law of Duke from above. Watch the Fuel Gauge to avoid falling to your death.

Whiskey

Instantaneous invincibility. HUD meter shows time remaining.

Duke Statue

Deal double damage. HUD meter shows time remaining.

Steroids

One-shot sucker punch enemies. Also increases movement speed.

MY DIGS

Enter *My Digs* from the Multiplayer Menu. As Duke moves up in level, cool features in his apartment are unlocked. Press **Y** or the **Y** key to display the Penthouse Customization Screen. Use ⬆/⬇ / arrow keys to select an item and press **A** / **Space**, or click on an item, to show or hide items in the penthouse. You can also press **X** / **E** to oggle the babes.

CHANGE ROOM

Select *Change Room* on the Multiplayer Menu to reach this area. You can customize Duke's eyewear, hats, and shirts. More features are unlocked as you level up.

LIMITED SOFTWARE WARRANTY, LICENSE AGREEMENT & INFORMATION USE DISCLOSURES

II. INFORMATION COLLECTION & USAGE.

By installing and using this software, you consent to these information collection and usage terms, including (where applicable) transfer of data to Licensor and affiliated companies into a country outside of the European Union and the European Economic Area. If you connect to the Internet when using the Software, either through a gaming platform network, or any other method, Licensor may receive information from hardware manufacturers or gaming platform hosts and may automatically collect certain information from your computer or gaming unit. This information may include, but is not limited to, user IDs (such as gamer tags and screen names), game scores, game achievements, game performance, locations visited, buddylists, hardware MAC address, internet protocol address, and your usage of various game features. All information collected by Licensor is intended to be anonymous information that does not disclose your identity or constitute personal information, however, if you include personal information (such as your real name) in your user ID, then such personal information will automatically be transmitted to Licensor and used as described herein.

The information collected by Licensor may be posted by Licensor on publicly-accessible web sites, shared with hardware manufacturers, shared with platform hosts, shared with Licensor's marketing partners or used by Licensor for any other lawful purpose. By using this Software you consent to the Licensor's use of related data, including public display of your data such as identification of your user created content or displaying your scores, ranking, achievements and other gameplay data. If you do not want your information shared in this manner, then you should not use the Software.

III. WARRANTY

LIMITED WARRANTY: Licensor warrants to you (if you are the initial and original purchaser of the Software) that the original storage medium holding the Software is free from defects in material and workmanship under normal use and service for 90 days from the date of purchase. Licensor warrants to you that this Software is compatible with a personal computer meeting the minimum system requirements listed in the Software documentation or that it has been certified by the gaming unit producer as compatible with the gaming unit for which it has been published, however, due to variations in hardware, software, internet connections and individual usage, Licensor does not warrant the performance of this Software on your specific computer or gaming unit. Licensor does not warrant against interference with your enjoyment of the Software; that the Software will meet your requirements; that operation of the Software will be uninterrupted or error-free, or that the Software will be compatible with third party software or hardware or that any errors in the Software will be corrected. No oral or written advice provided by Licensor or any authorized representative shall create a warranty. Because some jurisdictions do not allow the exclusion of or limitations on implied warranties or the limitations on the applicable statutory rights of a consumer, some or all of the above exclusions and limitations may not apply to you.

If for any reason you find a defect in the storage medium or Software during the warranty period, Licensor agrees to replace, free of charge, any Software discovered to be defective within the warranty period as long as the Software is currently being manufactured by Licensor. If the Software is no longer available, Licensor retains the right to substitute a similar piece of Software of equal or greater value. This warranty is limited to the storage medium and the Software as originally provided by Licensor and is not applicable to normal wear and tear. This warranty shall not be applicable and shall be void if the defect has arisen through abuse, mistreatment, or neglect. Any implied warranties prescribed by statute are expressly limited to the 90-day period described above.

Except as set forth above, this warranty is in lieu of all other warranties, whether oral or written, express or implied, including any other warranty of merchantability, fitness for a particular purpose or non-infringement, and no other representations or warranties of any kind shall be binding on Licensor.

When returning the Software subject to the limited warranty above, please send the original Software only to the Licensor address specified below and include: your name and return address; a photocopy of your dated sales receipt; and a brief note describing the defect and the system on which you are running the Software.

IN NO EVENT WILL LICENSOR BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM POSSESSION, USE OR MALFUNCTION OF THE SOFTWARE, INCLUDING BUT NOT LIMITED TO, DAMAGES TO PROPERTY, LOSS OF GOODWILL, COMPUTER FAILURE OR MALFUNCTION AND, TO THE EXTENT PERMITTED BY LAW, DAMAGES FOR PERSONAL INJURIES, PROPERTY DAMAGE, LOST PROFITS OR PUNITIVE DAMAGES FROM ANY CAUSES OF ACTION ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE SOFTWAWRE, WHETHER ARISING IN TORT (INCLUDING NEGLIGENCE), CONTRACT, STRICT LIABILITY OR OTHERWISE, WHETHER OR NOT LICENSOR HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL LICENSOR'S LIABILITY FOR ALL DAMAGES (EXCEPT AS REQUIRED BY APPLICABLE LAW) EXCEED THE ACTUAL PRICE PAID BY YOU FOR USE OF THE SOFTWARE.

BECAUSE SOME STATES/COUNTRIES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS AND/OR THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, THE ABOVE LIMITATIONS AND/OR EXCLUSION OR LIMITATION OF LIABILITY MAY NOT APPLY TO YOU. THIS WARRANTY SHALL NOT BE APPLICABLE SOLELY TO THE EXTENT THAT ANY SPECIFIC PROVISION OF THIS WARRANTY IS PROHIBITED BY ANY FEDERAL, STATE, OR MUNICIPAL LAW, WHICH CANNOT BE PRE-EMPTED. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY HAVE OTHER RIGHTS THAT VARY FROM JURISDICTION TO JURISDICTION.

TERMINATION: This Agreement is effective until terminated by you, by the Licensor, or automatically upon your failure to comply with its terms and conditions. Upon any termination, you must destroy or return the physical copy of Software to the Licensor, as well as permanently destroy all copies of the Software, accompanying documentation, associated materials, and all of its component parts in your possession or control including from any client server or computer on which it has been installed.

U.S. GOVERNMENT RESTRICTED RIGHTS: The Software and documentation have been developed entirely at private expense and are provided as "Commercial Computer Software" or "restricted computer software." Use, duplication or disclosure by the U.S. Government or a U.S. Government subcontractor is subject to the restrictions set forth in subparagraph (c)(1)(ii) of the Rights in Technical Date and Computer Software clauses in DFARS 252.227-7013 or as set forth in subparagraph (c)(1) and (2) of the Commercial Computer Software Restricted Rights clauses at FAR 52.227-19, as applicable. The Contractor/ Manufacturer is the Licensor at the location listed below.

EQUITABLE REMEDIES: You hereby agree that if the terms of this Agreement are not specifically enforced, Licensor will be irreparably damaged, and therefore you agree that Licensor shall be entitled, without bond, other security, proof of damages, to appropriate equitable remedies with respect any of this Agreement, in addition to any other available remedies.

INDEMNITY: You agree to indemnify, defend and hold Licensor, its partners, licensors, affiliates, contractors, officers, directors, employees and agents harmless from all damages, losses and expenses arising directly or indirectly from your acts and omissions to act in using the Software pursuant to the terms of the Agreement.

MISCELLANEOUS: This Agreement represents the complete agreement concerning this license between the parties and supersedes all prior agreements and representations between them. It may be amended only by a writing executed by both parties. If any provision of this Agreement is held to be unenforceable for any reason, such provision shall be reformed only to the extent necessary to make it enforceable and the remaining provisions of this Agreement shall not be affected.

GOVERNING LAW. This Agreement shall be construed (without regard to conflicts or choice of law principles) under the laws of the State of New York, as such law is applied to agreements between New York residents entered into and to be performed within New York, except as governed by federal law. Unless expressly waived by Licensor in writing for the particular instance or contrary to local law, the sole and exclusive jurisdiction and venue for actions related to the subject matter hereof shall be the state and federal courts located in Licensor's principal corporate place of business (New York County, New York, U.S.A.). Both parties consent to the jurisdiction of such courts and agree that process may be served in the manner provided herein for giving of notices or otherwise as allowed by New York state or federal law. The parties agree that the UN Convention on Contracts for the International Sale of Goods (Vienna, 1980) shall not apply to this Agreement or to any dispute or transaction arising out of this Agreement.

IF YOU HAVE ANY QUESTIONS CONCERNING THIS LICENSE, YOU MAY CONTACT IN WRITING TAKE-TWO INTERACTIVE SOFTWARE, INC. 622 BROADWAY, NEW YORK, NY 10012.
