

Lunch Truck Tycoon 2 Guide

Welcome to Lunch Truck Tycoon2! Here we will go over some key features and guidelines on how to play the game.

Objective

2 things make Luncher Island go-round, Score and Money. Money allows you to unlock additional game features, game modes, bonuses, buy new trucks, upgrade your truck and much more.

Money is earned by selling items or completing tasks such as deliveries.

Score is earned with each sale and completed task but you can lose it just as easily. Running out of stock, pricing items too high and running over lunchers will all result in a decreased score.

The 6 areas have a score that needs to be achieved in order to complete that area and earn the trophy. Sell items and complete tasks in that area to increase your score.

Information Center

The information center will show the weekly message, various stats, scores, game progression and other info.

Information Center

You were on top of the world! The Lunchinator reigned supreme but some say your fame got the best of you. You eventually lost everything as quickly as you had earned it. But experts say we are in the Golden Age of fast food. The streets of Luncher Island are filled with lunchers looking for their next meal! Economy updates will happen every Friday at 12 noon Eastern.

There are 2 pages in the information center and they can be cycled through by pressing the Information Center Button again.

Selling Items

Pressing the menu button will bring up the menu screen. Pressing it again will bring up the signature item menu.

Select an item to change the price or mark it as active/inactive.

Each Lunch Truck has a limited amount of menu spots. For example, the starter truck (Dirt) has 34 menu spots. Meaning you can only sell a max of 34 out of the 50 items at a time.

Magenta Icons: If a luncher wants to purchase an item not active on your menu, it will popup Magenta over the lunchers head. You won't lose any points but you lose money for not being able to sell that item.

Competitions

Competitions occur every Sunday. If you lose the competition, it will repeat the following day.

Competitions have 2 phases:

- 1 Discover the items to make the signature item.
- 2 Discover the amount of each item needed.

When completed, you will earn the recipe for that signature item and can begin crafting them. The profit is much higher on signature items.

Don't forget to stock up on ingredients at the ingredient store before entering a competition!

Promotional Blitz

Completing a Promotional Blitz will increase sales in that area. Head over to Promotional Blitz grab a delivery route and set off on your way.

A path will appear with yellow arrows guiding you along the way. There are 20 mail boxes on each route.

When close to the mail boxes, use the throw buttons to throw promotional flyers at the mailboxes.

The bonus is calculated based on the number of mail boxes hit and will appear in that area for 7 days.

Car Wash

Get your Truck washed regularly! A dirty Truck will reduce the range a luncher can detect you.

Hidden Gems and Locations

There are 100 hidden gems spread throughout Lunch Island.

There are also several hidden locations on the Island.

Home Location

Trucks: Select a truck to drive. If you own it you can drive it!

Inventory: Allows you to transfer items from truck to truck.

Trophy Room: View the trophies you have earned.

Upgrades: Purchase new upgrades.

Garage: Purchase up to 14 upgrades for your current truck.

Promotional Blitz: Deliver menus within the designated time and area to receive bonus sales for the next 7 days.

Car Wash: Lunch Trucks get dirty and will need to be washed. Dirty trucks will result in a reduced range in which a luncher will detect your truck.

Tips and Tricks

- One of the first things you should do is increase the prices on all of your items. They are set low by default.
- Each area has 5 items that sell best in that location.
- Time of day and day of week have an impact on traffic.
- You can reduce the price of an item in an attempt to sell more but if all your prices are low it may defeat the purpose.
- If you stay in one spot for too long, lunchers will stop buying from you.
