

DEV WILL

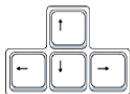

Mysteries Book

Important: This game only works on computers that have installed Windows OS (WinXP to Win11).

Installation. With no hidden mysteries just select the ZIP file of the version and language of your preference and just unzip and run Devwill.exe

Standard Keys and controls

The keyboard or a Control pad are your magic tools to handle the poor Golem.

Directional arrows control his movements.

“S” : Jump.

“D” : Attack.

“F9” : Save screenshot.

“F10” : Video modes.

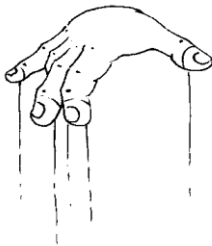

“F11” : Toggle Fullscreen.

“ [” e “ ` ” : Brightness.

“] ” : Toggle scanline filters.

“ESC” : Option Menu and Quit.

Secrets

Look for all the mysteries in the course of your journey, finding rooms and hidden items in the landscape.

Reach 7700 points and you'll be wise about all the mysteries.

Medal of Life: equals 10 mystical points.

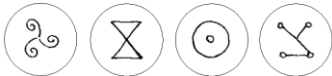

Chalice of Elevation: equals 50 mystical points.

Every 300 mystic points makes your Golem earn 1 more Incarnation.

Passwords

Be warned ... The One who seeks can only uncover the hidden signs by their own experience... Eternal Damned will be those who reveal their magical properties to the uninitiated ones...
