前言(Introduction)

欢迎来到六小将，在这里你将带领你的武将征战沙场成就一番霸业。

Welcome to SixGenerals, where you will lead your generals in the battlefield to achieve a dominance.

游戏里有 5 个主要的功能模块，它们是【战役】、【军事】、【势力战】、【试炼塔】、【竞技】

There are 5 main function modules in the game. They are "

Campaign","Military","

Force","Tower","

pk"

每个功能模块之间是相互独立的，

Each functional module is independent of each other

一、主要功能- the main function module

1、 战役

-Campaign

这是一个主要功能，这里有 10 张地图，可以收获 33 位普通武将，25 位红色或金色的武将及大部分的装备，

This is a major function. There are 10 maps here. You can harvest 33 ordinary generals, 25 red or golden generals and most of the decos.

在这个模式里，你带领你的武将闯过这些地图，获得新的武将和装备，你需要升级的武将才能顺利通过后面的地图

In this mode, you lead your generals through these maps, get new generals and equipment, you need to upgrade the generals to successfully pass the map behind

进入后，首先点击上方的城池，然后点击下方的普通按钮

After entering, first click on the building above and then click the normal button below

当首次胜利后，就可以点击下方的扫荡了，扫荡直接会给你奖励

After you win for the first time, you can click on the button below to sweep. Sweeping will reward you directly.

完成某边后会出现 1-3 颗星星的成绩

After completing one side, there will be 1-3 stars

当红色的标签还在时，表示这边的部队没有完成

When the red tag is still there, the troops on this side have not completed

当左右两边的普通按钮都完成了，才能进入下一个小关，这个图标会出现在新的城池上

When the normal buttons on both the left and right sides are completed, you can enter the next small level. The next building will appear on the map. This icon will appear on the new city

当你完成此地图所有关卡的普通难度后，每个小关的困难按钮就开启了

When you complete the all normal buttons on this map, the difficulty buttons for each building are unlocked.

当你完成此地图所有关卡的困难难度后，可以领取银宝箱奖励

After you complete the all hard buttons on this map, you can receive the Silver Treasure Box Reward

完成所有噩梦难度后，可以领取金宝箱

After you complete the all nightmare difficulty buttons on this map, you can receive the gold box reward

2、 军事

- Military

等级达到 **3** 可以进入

when your level reaches **3** ， you can enter,

在这个模式里，你拥有一个城池，安排武将防守。你每天有 10 次攻打其他人的城池并获得大量铜钱和金条。

In this mode, you have a castle and arrange for generals to defend. You attack other people's cities 10 times a day and get a lot of coins and gold bars.

选择红线框中的一个城池，攻击他

Select a building in the red circle and attack it

每天有 10 次机会攻击这些城池，你可以看到剩余次数

10 times a day to attack these buildings, you can see the remaining number

获胜可以得到大量铜钱

Winning can get a lot of coins

FAQ

Q:有快速攻城的方法吗？

Q: **Is there a quick way to attack the city?**

A:有，你只用攻打一次，并且获胜后，这个城池上方就会有几星成绩

点击这个城池，可以选择扫荡，立即获得奖励了

A: Yes, you only attack once, and after winning, there will be a few stars above the city

Click on this city and you can choose to mop up and get rewarded immediately

Q:战斗失败了会扣除当天次数吗？

Q: **Does the battle fail will deduct the day's number?**

A:会，中途退出，掉线都会

A: Yes, halfway out, dropped also

Q:为什么我要玩这个模式呢？

Q: Why do I want to play this mode?

A:这里是铜钱的主要来源，并且这里每天可以累计获得 300 左右的金条

A: Here is the main source of coins, and here you can accumulate about 300 bullions every day.

3、 势力战-force

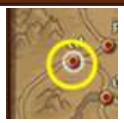

需要主公等级达到 10 级，注意：单机模式下不能玩

Requires Lord Rank to Level 10, Note: Cannot Play in Standalone Mode

在这个模式里，你和所有玩家一样，你有自己的国家和城池，你需要攻打其他国家的城池，为你的国家增加票数，让你的国家在周一的时候达到胜利。

In this mode, like all players, you have your own country and city. You need to attack the cities of other countries and increase the number of votes for your country so that your country can achieve victory on Monday.

这里有 60 个城池，闪烁的哪个点是你的城池，

There are 60 cities, and the flashing point is your city.

这个旗子代表你的国家

This flag represents your country

1、点击地图上其他的圆点，攻打他们，距离远的需要点数多

1、Click on the other dots on the map to attack them. The distance needs more points

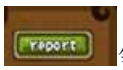

2、点击其中的一个对手，攻击它

2、Click on one of the opponents and attack it

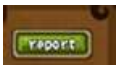

3、你只有 5 点每天，

用完后点击这里，

领取今天的奖励

3、You only have 5 points a day, 

Click here after use up 

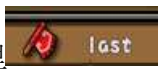

这里是这一期里每天的战斗情况，数字是你的分数，红色袋子是奖励

Here is the daily battle situation in this period, the number is your score, the red bag is the reward

这里是每个国家的占领城池数量，

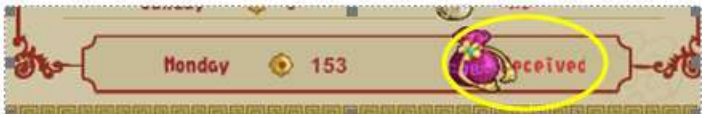

This shows the number of cities currently owned by each country

如果今天是周一，周一不能战斗，只能领取最后的结算奖励，点击这里

If today is Monday and Monday cannot be fought, you can only receive the final settlement bonus. Click here

然后点击这个紫色的袋子，领取奖励

Then，Click on this purple bag to receive rewards

FAQ

Q: 地图上的点为什么颜色不同

Q: Why are the colors on the map different?

A:不同颜色表示目前属于不同国家，=不属于任何国家

A: Different colors indicate that they currently belong to different countries

=no country

Q:如何才能获得一个新的城池？

Q: How can I get a new city?

A:划过某个圆点的地方，可以看到目前这个城的情况，3 个国家占领这个城的票数，谁的票数最多目前这个城就归谁，

攻击这个城，消耗多少点就可以给这个城加多少票数

A: A place to cross a dot, You can see the current situation in this city, Three countries occupy the city's votes, Whoever gets the most votes is currently the owner of this city

Attack this city and win, if you consume a certain point you can give this city equal number of votes,

例如划过这个红色的点，发现吴国的票数为 10，比其他两个都多，所以目前这个城属于吴国，如果我攻打这个城，因为花费 1 个点，获胜后我的国家就会加上 1 票，我的国家是蜀国，票数会是 9+1=10

A: For example, after crossing this red point, W's ticket number was found to be 10, which is more than the other two. So at present the city belongs to W. If I attack this city, because it takes 1 point, my country will win after winning. With 1 vote, my country is S The number of votes will be 9+1=10.

Q:为什么上次我的国家是蜀国，而这次是吴国？

Q: Why did the last time my country is S, and this time is U?

A: 国家和城池分配不是固定的，每到新的一期，系统会临时重新分配

A: The allocation of countries and cities is not fixed. When the new period is reached, the system will temporarily redistribute

4、 竞技

- PK

等级达到 **15** 可以进入

when your level reaches **15** ， you can enter,

在这个模式下，你不需要升级武将，双方上场的部队自动是 50 级神阶，技能升阶，系统装备

In this mode, you don't need to upgrade generals.Tthe troops on both sides are automatically 50-level, skills phase Ⅴ, and system decos.

点击匹配按钮，等待一会就可以跟其他玩家竞技了

Click the match button and wait for a while to play against other players

自由模式下可以跟任意的在线玩家挑战

Free mode can challenge any online player

The friend mode is to send addresses to friends and compete with him.

FAQ

Q:点数为 0 时候可以继续玩吗？

、

Q: Can you continue playing when the number of points is 0?

A:可以的，战胜仍然可以获得金条

A: Yes, victory can still get bullions

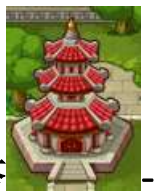

Q:匹配不到对手怎么办?

Q: What can I do if I can't match my opponent?

A:如果没有线上玩家，可以选择跟模拟玩家竞技

A: If there is no online player, you can choose to compete with the analog player

5、 试炼塔-Tower

等级达到 **20** 可以进入

when your level reaches **20** ， you can enter,

在这个模式下，你不需要升级武将，双方上场的部队自动是 50 级神阶，技能升阶，系统装备

In this mode, you don't need to upgrade generals. The troops on both sides are automatically 50-level, skills phase Ⅴ, and system decos.

左边发光的门表示目前所在的层

The illuminated door on the left indicates the current floor

每天有 3 次免费的次数

There are 3 free times a day

划过这个箱子可以看到战胜此层的奖励

Scroll through this box to see rewards for defeating this layer

FAQ

Q:通关顶层后会怎么样？

Q What happens when I pass through the top floor?

A:会自动返回到第一层，你仍然可以继续往下闯，获得奖励

A: Will automatically return to the first level and you can still go forward and get rewards

Q:问什么我要来闯塔呢？

Q: Why do I want to come to the tower?

A:这里可以获得红色、金色套装，这里我们安排了一些厉害的阵容

A: There are red and gold deco (suits)here. We have arranged some powerful lineups here.
