COINS

As a tribute to the arcade machines (better known as "coin up" or "sparks"), we have implemented a coin system which is very simple.

1.- First "insert your coin". For it is enough to press the key:

2.- Now just press the 1 key for player 1, or key 2 for player 2.

3.- Select the character with the who is going to play and Ready!

KEYS AND OPTIONS

This game has some keys. To be able to enter the password menu, you need at least one credit. To do this, "insert" a coin and press the F1 key for player 1, or F2 for the player 2.

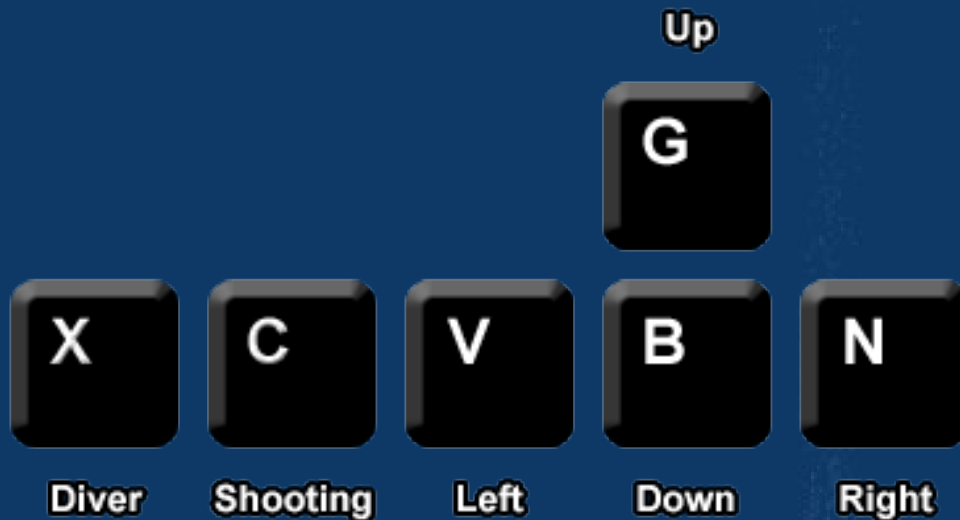

If you want to change some game options like the control or difficulty, not You need to have no credit. Only enough press the F5 key.

CONTROLS

The game was designed to be able to use the keyboard of your computer.

For player 1 these keys are used:

PLAYER 1

Note: the shutter button is also used to select the character or to interrupt the cinematics. The button to send the diver, is only used in level 2. These keys are disabled when using a Gamepad.

CONTROLS

For player 2 these keys are used:

PLAYER 2

Note: the shutter button is also used to select the character or to interrupt the cinematics. The button to send the diver, is only used in level 2. These keys are disabled when using a Gamepad.
